

REAL PROPERTY TAX GENERAL INFORMATION

WHAT DOES MY PROPERTY TAX DOLLAR PAY FOR?

County government depends on property taxes to pay for an array of services, including police and fire protection, civil defense, parks and recreation, elderly activities, solid waste program, mass transit, economic development, flood control, and animal control.

Note: Roads, highways, and traffic signals/lights are funded primarily by your fuel taxes, state/federal grants-in-aid, and private developers. In addition, water development and services are funded primarily by ratepayers and private developers.

WHAT IF I MOVED OR CHANGED THE CURRENT USE OF THE PROPERTY?

It is the property owner's responsibility to inform our office, in writing, of any changes in address, ownership, or use (e.g. short/long-term rental of a portion or entire home) of the property within 30 days of the change.

AFFORDABLE RENTAL HOUSING

To expand the inventory of affordable housing and rental units, the County of Hawai'i provides a financial incentive to property owners who rent at affordable rates in accordance with its Affordable Housing guidelines.

The owner shall annually file form 19-53(h) between mid-October and December 31, preceding the tax year for which such classification is claimed.

- How will using your property as a Short-Term Vacation Rental affect a Homeowner Exemption & Homeowner Tax Rate?
- How will a property's participation in an Agricultural Use Program affect the Homeowner Exemption & Homeowner Tax Rate?

HOMEOWNER EXEMPTION

The home exemption is deducted from the assessed value of your property to help reduce the net taxable value for the property. The basic home exemption for homeowners under the age of 60 is \$40,000, for homeowners 60 to 69 years of age, \$80,000 and for homeowners 70 years of age or over, \$100,000 with age calculated as of January 1, the date of the assessment. An additional exemption of 20% of the assessed value of the property not to exceed \$80,000 was enacted effective 2005.

If the property is used exclusively as your principal residence, you may be placed in the homeowners tax class which is a preferential tax rate and includes a 3% assessment cap.

You are eligible for the home exemption if you own and occupy the property as your principal home and file or intend to file your resident HI state income tax return or apply for a waiver of this requirement. The ownership of your property must be recorded at the Bureau of Conveyances on or before December 31 or June 30.

Please refer to FAQ at www.hawaiipropertytax.com for details regarding Short-Term Vacation Rentals and Long-Term Rentals.

You must file a claim, Form 19-71, for the home exemption on or before December 31 for the first half payment and June 30 for the second half payment.

DISABILITY EXEMPTIONS

If you have Hansen's Disease, have impaired sight or hearing or are totally disabled, you may file a disability claim, for a \$50,000 real property tax exemption. This claim is in addition to the regular home exemption and must be filed on the same parcel. Certification shall be done on Form 19-75(A).

If you are a totally disabled veteran, your principal home is exempt from property taxes except for 50 percent of the minimum tax amount. You must submit claim Form 19-73 to receive your exemption benefits.

HOW ARE MY PROPERTY TAXES CALCULATED?

To calculate the amount of your tax bill, you will need to find the "NET TAXABLE VALUE" of your property. This value was provided on your assessment notice that was mailed out on March 15th. Tax rates are available on www.hawaiipropertytax.com.

Formula to calculate your taxes:

$$\frac{\text{Net Taxable Value} \times \text{Tax Rate}}{\$1,000} = \text{Taxes Due}$$

MINIMUM TAX

Parcels of real property including those that qualify for a home exemption are subject to a minimum tax of \$200, with the following exceptions:

- b) \$25,001 to \$50,000, minimum tax is \$100;
